Certificate and Document Repair After Fire

Portfolio

Before

Initial intake fire, smoke and water damage.

After smoke removal, but before digital remastering.

After digital remastering and like-kind certificate framing replacements.

After

Certificate Repair

79 certificates repaired

- Cleaned
- Digitally remastered.
- Original paper blanks searched and found
- Printing
- Matched Plaque materials and replaced
- Construction of items with like-kind mounts

After the fire this Lodge wanted to recover/replace the many years of certificates and awards that had celebrated it's success.

We did many certificates for them, this is an example of two of them, with a few other before examples of the others below.
